

There will be a Public Informational Meeting Thursday March 12, 2020 at the Hardwick Elementary School at 6:30 PM.

This meeting will provide updates on the following critical items we have been working on:

- **Town's Status on Financial Management**
- **Latest Update on the Town's Sewer Issues**

It is our hope that residents will attend and ask questions and gain a full understanding of the importance of the issues at hand and the actions needed. We have a Special Town Meeting scheduled for March 16, 2020. One of the articles is to allow the Selectmen to apply and accept USDA grant funding and any other grant funding available to solve the sewer issues for the long-term.

USDA and DPC Engineering will be in attendance to present information and answer questions as they arise at the 3/12/20 Public Information Meeting.
