

ATTENTION – PLANTINGS AT HARDWICK CEMETERY

**ON MARCH 19, 2019 THE HARDWICK CEMETERY COMMISSION VOTED
Flowers, Bushes and Trees Are No Longer Allowed to be
Planted at Burial Sites in the Cemetery. At Every Entrance
as You Enter the Cemetery You Will See Signs Posted
Making You Aware of Planting Regulations**

**Please feel free to put real or artificial flowers that are in vases, pots or flats at your
burial site and remember to remove them by October 1.**

**The commissioners have determined that in the past many flowers, bushes and trees
have grown wild at family burial sites making them unsightly and invading onto
neighboring burial sites with the outreach not only in branches and leaves but in the
root system of the planting.**

We ask for your cooperation.
