The Blue Book

*A Western Massachusetts Guidebook
for Veterans and their Families*

Provided by the Office of the Northwestern District Attorney

Dear Veterans and Community Members:

My heartfelt gratitude goes to all veterans for your commitment and sacrifice in serving our nation. In an effort to provide veterans in Western Massachusetts with a comprehensive guide of services and benefits available to them and their families, the Office of the Northwestern District Attorney and Veterans Justice Partnership have created **The Blue Book**. This guidebook offers contact and general information about local, state, and federal resources for Western Massachusetts veterans and their families. We hope this book makes the “alphabet soup” of veteran and community resources easier to understand and access. The Blue Book offers a comprehensive guide to help navigate the maze of services and benefits each veteran has justly earned.

The Veterans Justice Partnership (VJP) is a community partnership helping court-involved veterans with treatment options, alternatives to incarceration, housing, employment, veterans’ benefits, and mental health services. Please directly contact VJP and Soldier On if you or a veteran you know needs help for a court-involved matter. The **VJP/Soldier On toll free phone number is 1-866-406-8449**.

For detailed information on eligibility requirements, services, or benefits visit the specific websites or call the telephone numbers provided. You can download The Blue Book on-line by visiting northwesternnda.org/sites/default/files/Veterans.pdf. Please forward this guidebook to anyone who might be able to use it.

Thanks to the many service providers who help veterans every day. Special thanks to Marygrace Patterson and Soldier On who helped to bring The Blue Book to veterans, their families, and the Western Massachusetts community. It takes all of us working together, helping and advocating for veterans, to keep America’s promise to “**Leave No Veteran Behind.**”

Sincerely,

David E. Sullivan
Northwestern District Attorney

Not Eligible

None of the following shall be deemed to be a veteran:

- Any person, who at the time of entering into the armed forces of the United States, had his/her intention to become a subject or citizen of the United States and withdrew his/her intention under the provisions of the Act of Congress approved July 9, 1918;
- Any person who was discharged from the said armed forces on his/her own application or solicitation by reason of his/her being an enemy alien;
- Any person who has been proved guilty of willful desertion;
- Any person whose only service in the armed forces of the United States consists of his/her service as a member of the Coast Guard Auxiliary or as a temporary member of the Coast Guard Reserve, or both;
- Any person whose last discharge or release from the armed forces is dishonorable or other than honorable.

NOTE: Eligibility requirements for benefits and resources vary. Contact organizations directly with eligibility inquiries.

Section II. Veterans' Bill of Rights

Under the Code of Massachusetts Regulations, veterans have a right to:

- File a written application for veterans' benefits at any time. You can insist on this right even if told that you are not eligible;
- Receive assistance from your local Veterans' Service Office (VSO) in completing your application. *See Benefits and Benefit Aid, Section II, Veterans' Service Officers, p. 6;*
- Receive a full explanation of the services and benefits available under Chapter 115, as well as other available benefits. *See Benefits and Benefit Aid, Section II, Chapter 115, p.5;*
- Receive a written notice and explanation of the approval or denial of your application for benefits;
- Be treated with dignity and respect and to receive accurate, courteous, and timely service;
- Appeal and request a hearing if you disagree with any action taken in your case;
- Expect confidentiality: personal information will not be collected or used except for the purpose of determining your eligibility for benefits;
- Receive fair and equal treatment without regard to sex, race, religion, handicap, ethnicity, or national origin;
- Preference in public employment.

For additional information on veterans' rights, visit www.mass.gov/veterans or contact a local Veterans Service Officer. *See Benefits and Benefit Aid, Section II, Chapter 115, Veterans' Service Officers, p. 6.*

Pioneer Valley Chapter of the American Red Cross

www.redcross.org/find-help/military-families/veterans-services

1(413)737-4306

506 Cottage Street
Springfield, MA 01104

The Red Cross maintains its commitment to the men and women who have served in the U.S. Armed Forces. The Red Cross provides the following services to veterans and their families:

Referrals to Community Resources

The American Red Cross offers confidential services to all military veterans and their families by connecting them with Red Cross, national, state and local resources through its network of chapters in communities across the United States and offices on military installations worldwide. Local Red Cross offices develop and maintain relationships with key community partners. Veterans and their families rely on the Red Cross to help them identify their needs and connect them to the most appropriate Red Cross and other resources. Services range from responding to emergency needs for food, clothing, and shelter; providing referrals to counseling services (e.g., financial, legal, jobs, mental health) and information on veterans' cemeteries and burial benefits; and offering other resources that meet the unique needs of local veterans and their families.

Veterans Claims for Benefits

The Red Cross assists veterans and their family members in preparing, developing, and obtaining sufficient evidence to support applicants' claims for veterans' benefits. We also assist claimants who seek to appeal to the Board of Veterans' Appeals (BVA). This work is done by Red Cross staff at the BVA as well as a network of State Work-Share Representatives who are accredited by the Department of Veterans Affairs to work on behalf of the Red Cross. *See Benefits and Benefit Aid, Section III, Department of Veterans Affairs Claims Decisions Appeals, p. 9.*

Volunteerism in VA & Military Hospitals

Red Cross volunteers serve in Veterans Administration and military hospitals around the nation and around the world.

Western Massachusetts Vet Center

www.vetcenter.va.gov

1(413)737-5167

1986 Main Street, Northgate Plaza
Springfield, MA 01103

Vet Centers welcome home the war veteran by providing readjustment services in a caring manner and assisting him/her and his/her family members toward a successful post-war adjustment in or near their respective

communities. Vet Center counselors provide bereavement counseling to parents, spouses, and children of armed forces personnel (including Reservist/ National Guard members) who died in the service of the country.

Vet Center services include: individual readjustment counseling, substance abuse information and referral, job counseling and placement, sexual trauma and PTSD counseling, and community education. All services are free of charge to eligible veterans, their families, and significant others. Vet Center staff protects the privacy of all clients. All records related to treatment are strictly confidential and will not be shared with the Department of Veterans Affairs.

Section II. State Resources and Benefits

Chapter 115

Under Chapter 115 of Massachusetts General Laws, the Commonwealth provides a needs-based means tested program of financial and medical assistance for indigent veterans and their dependents. Chapter 115 requires every city and town to maintain a Department of Veterans' Services* through which the municipality makes available to its residents the part-time or full-time services of either an exclusive or district Veterans' Service Officer**.

Qualifying veterans and their dependents receive necessary financial assistance for food, shelter, clothing, fuel, and medical care in accordance with a formula which takes into account the number of dependents and income from all sources. Eligible dependents of deceased veterans are provided with the same benefits as if the veteran were still living. To apply, contact a Veterans Service Officer by referring to the chart on page 6.

***Department of Veterans Services**

www.mass.gov/veterans

1(617)210-5480

The mission of the Department of Veterans' Services (DVS) is to act as the chief advocate for the nearly 400,000 Commonwealth veterans and their families. They do this by:

- Helping veterans navigate available federal, state and local programs and benefits and other resources
- Serving as a clearinghouse of information for veterans and their families
- Coordinating veterans services across state agencies and local governments
- Developing innovative, flexible programming and outreach to address veterans' needs
- Providing individualized support and interventions where necessary
- Providing leadership and proactively responding to systematic issues and policies that impact veterans and their families
- Providing a dignified resting place for our fallen heroes

Programs provided by DVS include:

Mass Vets Advisor

www.MassVetsAdvisor.org

Mass Vets Advisor is an easy to use website for financial, educational, and housing benefits and services that for which veterans are eligible. It combines state and federal benefits, as well as non-profit resources into one tailored online search. The data is comprehensive and currently provides search results from Massachusetts and Federal resources, listing only the benefits and services the veteran is qualified for, and, where available, an "action plan" to apply for the benefit. Users will be able to print, email, save, or forward the action plan to his/her Veterans Services Officer. Refer to the chart on page 6.

Statewide Advocacy for Veterans' Empowerment (SAVE)

See *Medical and Mental Health, Section III, Statewide Advocacy for Veterans' Empowerment, p. 54.*

**Veterans' Services Officers

www.nacvso.org

Veterans' Service Officers (VSOs) are knowledgeable about an array of federal, state, and local benefits to which veterans and their dependents may be entitled. The National Association of County Veterans' Service Officers was recognized officially by the Department of Veterans Affairs "for the purpose of preparation, presentation, and prosecution of claims under laws administered by the Department of Veterans Affairs." VSOs know the extent, the meaning, and application of laws that have been passed by Congress in the interests of veterans and their dependents, as well as the rules and regulations adopted by the VA to clarify and implement those laws. The VSO will apply specialized knowledge in the best way suited to the needs of every individual veteran or other beneficiary who comes to the office for assistance.

A VSO can assist veterans, widow(er)s of veterans, children of deceased or disabled veterans, parents of deceased veterans who have questions about compensation, pensions, school benefits, life insurance, medical benefits, veterans state benefits, burial benefits, or discharge upgrades; or if they need referrals for Post-Traumatic Stress Disorder treatment, hospitalization, outpatient medical and dental treatment, alcohol and drug dependency treatment, home loans, or small business administration. Property Tax Exemptions

www.mass.gov/veterans/housing/subsidy-and-tax/property-tax-exemption-for-veterans.html

1(617)626-2300

Property Tax Exemptions are available to veterans in Massachusetts. To qualify, veterans must be legal Massachusetts residents, must be occupying his or her Massachusetts domicile on July 1 in the year of application, and must have lived in Massachusetts for at least six months before entering the service or have lived in Massachusetts for a least five consecutive years immediately prior to filing. In most cases, a surviving spouse receives the exemption if s/he was receiving it before the veteran passed away.

State Bonuses and Annuities

The Commonwealth of Massachusetts offers one-time bonuses and annuities to certain eligible veterans, their spouses, and dependents.

The Commonwealth of Massachusetts and the Department of Veterans' Services provide an annuity in the amount of \$2000 to 100% service-connected disabled veterans. This annuity is payable biannually on August 1st and February 1st of \$1000 each. It is granted to 100% service-connected disabled veterans, the surviving parents, and the un-remarried spouses of certain deceased veterans who give their lives in the service of their country during wartime.

Section III. Federal Resources and Benefits

Department of Veterans Affairs Claims Decisions Appeals

www.index.va.gov/search/va/bva.html

Veterans and other claimants for Department of Veterans Affairs (VA) benefits have the right to appeal decisions made by a VA regional office, medical center or National Cemetery Administration (NCA) office. Typical issues appealed are disability compensation, pension, education benefits, recovery of overpayments, reimbursement for unauthorized medical services, and denial of burial and memorial benefits. A claimant has one year from the date of the notification of a VA decision to file an appeal.

An appeal involves many steps, some optional and some necessary: (1) **Notice of Disagreement (NOD)**. The NOD is a statement written by a veteran that s/he disagrees with a claims decision that has been made. The veteran should be specific about which issues with which s/he disagrees. An NOD must be filed within one year of the date of the letter informing the veteran of a decision. (2) **Statement of the Case (SOC)**. The SOC is a summary of the evidence considered, actions taken, decisions made, and the laws governing the decision. Once an SOC is done on an appeal, any SOC filed after that is considered a Supplemental Statement of the Case (SSOC). (3) **Formal Appeal**. The standard form for formalizing an appeal is VA Form 9. This form must be received no later than one of the following two dates: one year from the date of the letter notifying you of the decision, or 60 days after the date of the statement of the case. (4) **Optional Hearings**. Hearings are a chance for claimants to present evidence in person. They are held at the regional office by a Hearing Officer (HO). If the veteran chooses to have hearing, the HO will review the evidence in conjunction with the testimony and make a decision on the case. (5) **Board of Veterans' Appeals (BVA)**. If the issue is not resolved in the veterans favor, the appeal will continue with the BVA, the highest appellate body of the VA. If the BVA is provided with sufficient evidence by the local VA office, it will issue the final VA decision. (6) **United States Court of Appeals for Veterans' Claims (CAVC)**. If an appeal to the court is filed within 120 of a BVA decision, the CAVC, which is not part of the VA, will review the decision. CAVC decisions usually concern the procedural, legal issues involved in the "letter of the law."

National Service Officers (NSOs) can assist veterans in filing claims with the VA free of charge. *See Legal, Section III, Disabled American Veterans, p. 47.*

Department of Veterans Affairs Compensation

www.benefits.va.gov/compensation/

Veterans whose disabilities arose from service ("Service Connected" or "S/C" disabilities) may be entitled to Department of Veterans Affairs (VA) Compensation.

To file a disability claim, a veteran must complete and submit VA Form 21-526, Veteran's Application for Compensation or Pension. County VSOs can help veterans complete this form. *See Benefits and Benefit Aid, Section II, Chapter 115, Veterans Service Officers, p. 6.* Evidence must be collected to support the veterans claim. The VSO will verify service dates and request service medical records. Other information the VA may request includes letters detailing specific experiences in service or information on the veteran's dependents, employment history or income. The veteran will then be examined at a VA Medical Center based on the veteran's claim and treatment history. *See Medical and Mental Health, Section IV, Department of Veterans Affairs Central Western Massachusetts Healthcare System, p. 56.* After each exam, an examination report will be prepared and sent to the VA. When all relevant evidence and examination reports are received, a record is rated to determine which disabilities the VA can pay for and the percent to which they are disabling. This may take two to three months. After the rating is completed, the veteran will be notified of the decision and the VA will provide the veteran with the reasons for all decision to grant or deny benefits. If the veteran does not agree with the decision, it may be appealed. *See Benefits and Benefit Aid, Section III, Department of Veterans Affairs Claims Decisions Appeals, p. 9.*

Dependency and Indemnity Compensation

www.benefits.va.gov/COMPENSATION/types-dependency-and-indemnity.asp

Dependency and Indemnity Compensation is a tax-free monetary benefit generally payable to a surviving spouse, child, or parent of service members who died while on active duty, active duty for training, or inactive duty training, or to survivors of veterans who died from their service-connected disabilities. Parents Dependency and Indemnity Compensation is an income-based benefit for parents who were financially dependent on a service member or veteran who died from a service-related cause. *See Benefit and Benefit Aid, Section III, Department of Veterans Affairs Pensions, Aid and Attendance or Household Benefits, p.13.*

Service-connected Disability Compensation

www.vba.va.gov/bln/21/

Disability compensation is a monetary benefit paid to veterans who are disabled by an injury or illness that was incurred or aggravated during active military service. These disabilities are considered to be service-connected. Monthly disability compensation varies with the degree of disability and the number of a veteran's dependents. Veterans with certain severe disabilities may be eligible for additional special monthly compensation. The benefits are not subject to federal or state income tax.

Programs include: Vocational Rehabilitation and Employment (VR&E) and VetSuccess, *See Employment, Section III, Vocational Rehabilitation and Employment Program, p. 32-33;* specially adapted housing grants, temporary residence adaptation, *See Housing, Section II;* automobile allowances; clothing allowances; allowances for aid and attendance for housebound veterans, *See Benefits and Benefit Aid, Section III, Department of Veterans Affairs Pensions, Aid and Attendance or Household Benefits, p. 13;* and fiduciary programs to help veterans manage their financial affairs.

Special Monthly Compensation

www.benefits.va.gov/COMPENSATION/resources-rates-read-compAndSMC.asp

Special Monthly Compensation is an additional tax-free benefit that can be paid to veterans, their spouses, surviving spouses, and parents. For veterans, Special Monthly Compensation is a higher rate of compensation paid due to special circumstances such as the need of aid and attendance by another person or by specific disability, such as loss of use of one hand or leg. For spouses and surviving spouses, this benefit is commonly referred to as aid and attendance and is paid on the need of aid and attendance by another person. *See Benefits and Benefit Aid, Section III, Department of Veterans Affairs Pensions, Aid and Attendance or Household Benefit, p. 13.*

Department of Veterans Affairs Death Gratuity Payment

www.va.gov/opa/publications/benefits_book/benefits_chap12.asp

Military services provide payment, called a death gratuity, in the amount of \$100,000 to the next of kin service members who die while on active duty (including those who die within 120 days of separation) as a result of service-connected injury or illness. If there is no surviving spouse or child, then parents or siblings designated as next of kin by the service member may be provided the payment. The payment is made by the last military command of the deceased. If the beneficiary is not paid automatically, application may be made to the military service concerned

Department of Veterans Affairs Healthcare Benefits

See Medical and Mental Health, Section IV, Department of Veterans Affairs Healthcare Benefits, p.57.

Department of Veterans Affairs Insurance

www.insurance.va.gov

1(800)669-8477

Types of Department of Veterans Affairs (VA) Insurance include:

Accelerated Death Benefits

www.benefits.va.gov/insurance/abo.asp

Service members Group Life Insurance, Family Service member Group Life Insurance and Veterans' Group Life Insurance policyholders who are terminally ill (prognosis of nine months or less to live) have a one-time option of requesting up to 50 percent of their coverage amount (in increments of \$5,000) paid in advance.

Family Service Members Group Life Insurance

www.benefits.va.gov/insurance/fsgli.asp

Family Service Members Group Life Insurance (FSGLI) provides up to \$100,000 of life insurance coverage for spouses of service members with full-time SGLI coverage, not to exceed the amount of SGLI the member has in force. FSGLI is a service members' benefit; the member pays the premium and is the only person allowed to be the beneficiary of the coverage. FSGLI spousal coverage ends when: (1) the service member elects in writing to terminate coverage on the spouse; (2) the service member elects to terminate his or her own SGLI coverage; (3) the service member dies; (4) the service member separates from service; or (5) the service member divorces the spouse. The insured spouse may convert his or her FSGLI coverage to a policy offered by participating private insurers within 120 days of the date of any of the termination events noted above.

Service-Disabled Veterans' Insurance

www.benefits.va.gov/insurance/s-dvi.asp

A veteran who was discharged under other than dishonorable conditions and who has a service-connected disability but is otherwise in good health may apply to VA for up to \$10,000 in life insurance coverage under the Service-Disabled Veterans' Insurance (S-DVI) program. Applications must be submitted within two years from the date of being notified of the approval of a new service-connected disability by the VA. This insurance is limited to veterans who left the service on or after April 25, 1951. Veterans who are totally disabled may apply for an additional supplemental insurance coverage of up to \$30,000. To be eligible for this type of supplemental insurance, veterans must meet all of the following three requirements: (1) Be under the age of 65; (2) Be eligible for a waiver of premiums due to total

disability; (3) Apply for additional insurance within one year from the date of notification of waiver approval on the S-DVI policy.

[Service Members Group Life Insurance](http://www.benefits.va.gov/insurance/sgli.asp)

The following are automatically insured for \$400,000 under Service Members' Group Life Insurance (SGLI): (1) Active-duty members of the Army, Navy, Air Force, Marines, and Coast Guard; (2) Commissioned members of the National Oceanic and Atmospheric Administration and the Public Health Service; (3) Cadets or midshipmen of the U.S. military academies; (4) Members, cadets and midshipmen of the ROTC while engaged in authorized training and practice cruises; (5) Members of the Ready Reserves' National Guard who are scheduled to perform at least 12 periods of inactive training per year; and (6) Members who volunteer for a mobilization category in the Individual Ready Reserve

[Service Members Group Life Insurance Disability Extension](http://www.benefits.va.gov/insurance/sglidisabled.asp)

Service members who are totally disabled at the time of separation are eligible for free SGLI Disability Extension of up to two years. They must apply to the Office of Service members Group Life Insurance (OSGLI) at 80 Livingston Ave., Roseland, N.J., 07068-1733. Those covered under the SGLI Disability Extension are automatically converted to VGLI at the end of their extension period. VGLI is convertible at any time to a permanent plan policy with any participating commercial insurance company.

[Service Members Group Life Insurance Traumatic Injury Protection](http://www.insurance.va.gov/sgliSite/TSGLI/TSGLI.htm)

Service members Group Life Insurance Injury Protection (TSGLI) helps severely injured service members through their time of need with a one-time payment. The amount varies on the injury, and helps service members and their families with unforeseen expenses and life after recovery. TSGLI is bundled with SGLI.

[Veterans' Group Life Insurance](http://www.benefits.va.gov/insurance/vgli.asp)

SGLI may be converted to Veterans' Group Life Insurance (VGLI), which provides renewable term coverage to: (1) Veterans who had full-time SGLI coverage upon release from active duty or the reserves; (2) Members of the Ready Reserves/ National Guard with part-time SGLI coverage who incur a disability or aggravate a pre-existing disability during a period of active duty or a period of inactive duty for less than 31 days that renders them uninsurable at standard premium rates; (3) Members of the Individual Ready Reserve and Inactive National Guard. SGLI can be converted to VGLI up to the amount of coverage the service member had when separated from service. Veterans who submit an application and the initial premium within 120 days of leaving the service will be covered regardless of their health. Veterans who don't apply within this period can still convert to VGLI if they submit an application, pay the initial premium, and show evidence of insurability within one year after the end of the 120-day period.

[Veterans' Mortgage Life Insurance](http://www.benefits.va.gov/insurance/vmli.asp)

Veterans' Mortgage Life Insurance (VMLI) is mortgage protection insurance available to severely disabled veterans who have been approved by VA for a Specially Adapted Housing Grant (SAH). Maximum coverage is the amount of the existing mortgage up to \$200,000, and is payable only to the mortgage company. Protection is issued automatically following SAH approval, provided the veteran submits information required to establish a premium and does not decline coverage. Coverage automatically terminates when mortgage is paid off.

Department of Veterans Affairs Pensions

www.vba.va.gov/bln/21/index.htm

Wartime veterans whose disabilities are not related to service (“Non-Service Connected” or “NSC”) and who have financial hardship may be entitled to Department of Veterans Affairs (VA) Pensions. The following pensions are available for eligible veterans:

Aid and Attendance or Housebound Benefits

www.benefits.va.gov/pension/aid_attendance_housebound.asp

Surviving spouses who are eligible for Dependency and Indemnity Compensation (*See Benefits and Benefit Aid, Section III, Department of Veterans Affairs Compensation. Dependency and Indemnity Compensation, p. 10*) or Survivors Pension (See below) may also be eligible for Aid and Attendance of Housebound benefits. They may apply for these benefits by writing to their VA regional office. They should include copies of any evidence, preferably a report from an attending physician or a nursing home, validating the need for Aid and Attendance or Housebound type care. The report should be in sufficient detail to determine whether there is disease or injury producing physical or mental impairment, loss of coordination, or conditions affecting the ability to dress and undress, to feed oneself, to attend to sanitary needs, and to keep oneself ordinarily clean and presentable. In addition, it is necessary to determine whether the claimant is confined to the home or immediate premises.

Veterans Pension

www.benefits.va.gov/pension/vetpen.asp

The Veterans Pension benefit helps veterans and their families cope with financial challenges by providing supplemental income. It is a tax-free monetary benefit payable to low-income wartime veterans. Normally, a veteran must have at least 90 days of active duty service, with at least one day during a wartime period to qualify for a VA Pension. The veteran must also be age 65 or older or, totally and permanently disabled, or a patient in a nursing home receiving skilled nursing care, or receiving Social Security Disability Insurance, or receiving Supplemental Security Income.

Survivors Pension (aka Death Pension)

www.benefits.va.gov/pension/spousepen.asp

The Survivors Pension benefit is a tax-free monetary benefit payable to a low-income, un-remarried surviving spouse and/or unmarried child(ren) of a deceased veteran with wartime service. The deceased veteran must meet minimum service requirements. Survivors Pension is also based on yearly family income, which must be less than the amount set by Congress to qualify. Un-remarried spouses are eligible at age, while a child of a deceased wartime veteran must be under 18, or under 23 if attending a VA-approved school, or permanently incapable of self—support due to a disability before age 18.

Disabled American Veterans

See Legal, Section III, Disabled American Veterans, p. 47.

eBenefits

www.ebenefits.va.gov

eBenefits is a joint Department of Veterans Affairs/ Department of Defense Web Portal that provides resources and self-service capabilities to service members, veterans, and their families to apply, research, access, and manage their VA and military benefits and personal information through a secure internet connection. Through eBenefits veterans can: apply for benefits, view their disability compensation claim status, access official military personnel documents (e.g. DD Form 214, Certificate of Release or Discharge from Active Duty), transfer entitlement of Post-9/11 GI Bill to eligible dependents (service members only), obtain a VA-guaranteed home loan Certificate of Eligibility, and register for and update direct deposit information for certain benefits.

Internal Revenue Service Tax Deferment

www.irs.gov

Service members are permitted to defer payment of state and federal income taxes due before or during military service if the service member's ability to pay those taxes is materially impacted by his or her service. The deferment may last up to 18- days from the date the service member leaves military service. No interest or penalty may be added to the amount due for failure to pay during the period of deferment. Service members must notify the Massachusetts Department of Revenue or the Internal Revenue service to request a deferment.

Many workers qualify for the Earned Income Credit (EIC) because their income declined or they became unemployed. Tax refunds through the EIC and Child Tax Credit can help low- and moderate-income families cover day-to-day expenses such as utilities, rent, and childcare.

Make the Connection

www.MakeTheConnection.net

MakeTheConnection.net is a new, interactive online resource from the U.S. Department of Veterans Affairs (VA), which allows veterans to share experiences and offer and receive support from other veterans. This resource helps veterans and their families recognize that they are not alone—there are people out there like them who are going through similar experiences, overcoming challenges, reaching positive outcomes for treatment and recovery, and finding paths to fulfilling lives. These messages are conveyed by the most credible sources of all—the voices of other veterans.

Many of our nation's veterans, from those who served in World War II to those who served more recently, can benefit from hearing the stories of others and gaining greater awareness of the resources that are available to help them move forward with their lives.

At MakeTheConnection.net, veterans can:

- View hundreds of candid video testimonials told by veterans and their families
 - Learn more about the issues veterans may be facing
 - Explore easy-to-navigate information about finding solutions in plain language
 - Locate resources, programs, and services
-

National Resource Directory

www.nationalresourcedirectory.gov
1(800)827-1000

The National Resource Directory (NRD) is a website that connects wounded warriors, service members, veterans, their families, and caregivers to programs and services that support them. It provides access to services and resources at the national, state and local levels to support recovery, rehabilitation and community reintegration. Visitors can find information on a variety of topics including: benefits and compensation; education and training; employment; family and caregiver support; health; homeless assistance; housing, transportation and travel; and volunteer opportunities.

The NRD is a partnership among the Departments of Defense, Labor and Veterans Affairs. Information contained within the NRD is from federal, state and local government agencies; veteran and military service organizations; non-profit and community-based organizations; academic institutions and professional associations that provide assistance to wounded warriors and their families.

Pre-Discharge Program

www.vba.va.gov/predischarge
1(800)827-1000

The Pre-Discharge Program is a joint Department of Veterans Affairs (VA) and Department of Defense (DoD) program that affords service members the opportunity to file claims for disability compensation and other benefits up to 180 days prior to separation or retirement. The two primary components of the Pre-Discharge Program are Benefits Delivery at Discharge (BDD), which is offered to accelerate receipt of VA disability benefits, and Quick Start, which is offered to service members who have less than 60 days remaining on active duty or are unable to complete the necessary examinations prior to leaving the point of separation. The Integrated Disability Evaluation System (IDES) covers service members who are referred to Medical Evaluation Boards and provides: (1) a single disability exam conducted to VA standards that will be used by both Departments; (2) a single disability rating completed by the VA that is binding upon both Departments; and (3) expeditious payment of VA benefits within 30 days of a service member's separation from service. The Pre-Discharge Program also offers:

Pre-Separation Counseling

Service members may receive pre-separation counseling 24 months prior to retirement or 12 months prior to separation from active duty. These sessions present information on education, training, employment assistance, National Guard and reserve programs, medical benefits, and financial assistance.

Social Security Administration Benefits

www.socialsecurity.gov/
1(800)772-1213

Monthly retirement, disability and survivor benefits under Social Security are payable to veterans and dependents if the veteran has earned enough work credits under the program. Upon the veteran's death, a one-time payment of \$255 also may be made the veteran's spouse or child. In addition, a veteran may qualify at age 65 for Medicare's hospital insurance and medical insurance. Medicare protection is available to people who have received Social Security disability benefits for 24 months, and to insured people and their dependents who need dialysis or kidney transplants, or who have amyotrophic lateral sclerosis (aka Lou Gehrig's disease).

Unemployment Compensation

www.careeronestop.org

Former service members should apply for Unemployment Insurance (UI) benefits immediately upon separation from active military service. When filing for UI benefits, recently discharged veterans must provide information from their Certificate of Release or Discharge From Active Duty, DD Form 214 or NOAA Form 56-16 (or when not available, Orders to Report, or Orders of Release may be used). Specialists at local One-Stop Career Centers can help service members obtain the necessary information to file a claim. *See Employment, Section III, Veterans Employment and Training Services, One-Stop Career Centers, p. 31.*

Veterans' Organizations

Veterans' organizations provide assistance directly to veterans and advocate for legislative and policy issues important to veterans.

Carson Center- Valley Human Services

www.carsoncenter.org/programs/domesticviolence/advocacyandsupport

1(413)579-2924

The Carson Center for Human Services is a private, non-profit agency that provides behavioral health and rehabilitation services in communities throughout Western Massachusetts. Carson Center clinical programs are licensed by the Massachusetts Department of Public Health. Affiliated with Noble Hospital, and working in collaboration with other community agencies, the Carson Center provides services for children, adolescents, adults, families, and couples. For those who are questioning the health of their relationships or who are or once were in a destructive relationship, individual and group services are provided.

Elizabeth Freeman Center

www.elizabethfreemancenter.org

1(866)401-2325 24-hour hotline

The Elizabeth Freeman Center offers free and confidential counseling, shelter, legal advocacy, safety planning, teen dating violence prevention education, a 24/7 hotline to survivors of domestic and sexual violence and their families. Each year it offers services to over 5,000 people in and around Berkshire County. Services are free, confidential, and available in any language.

The Center has offices in Pittsfield, North Adams, and Great Barrington, and the staff can meet people in safe locations almost anywhere in Berkshire County. The Center serves adults and children, of any gender or gender identity, age, race, ethnicity, ability, sexual orientation, or income level.

Services include: a toll-free hotline for support, counseling, advocacy, shelter, or just conversation; counselors available 24/7 to help those who need to flee violence; emergency services including shelter, food, transportation and safe phones; a secure shelter and direct connections to other local shelters; a "SafePet" program to provide foster care for pets if violence has interrupted their care; safety planning; advocacy for services including income support and medical care, education and training, legal help, financial guidance, housing, and protections; and Probate Court staff to help with restraining orders.

Gandara Domestic Violence Program

www.gandaracenter.org/?page_id=143

1(413)736-0395

Men with a history of domestic or partner violence are referred to the Gandara Domestic Violence Program by the courts for 2-hour, bi-weekly group sessions for 40 weeks. Interventions focus on stopping the violence and helping the batterer to identify, confront, challenge and change controlling and abusive behavior towards their partner and children. A variety of groups are held weekly in Springfield and Holyoke, during the evening and on Saturdays. Partner referrals are made to the YWCA and other programs.

GLBTQ Domestic Violence Project

1(413)772-0806 24-hour hotline

Since 1976, the New England Center for Women in Transition (NELCWIT) has been working to build safety, justice, and dignity for all. Serving Franklin County and the North Quabbin region of western Massachusetts, it offers safety planning, advocacy, and support to anyone who has survived domestic or sexual abuse, and prevention education for the community, especially area youth. All of NELCWIT's services are free and confidential.

NELCWIT offers services for women, men, and children; for able-bodied and disabled individuals; for straight, lesbian, LGBTQ people; and for speakers of other languages. Services include: 24 hour rape crisis and domestic violence hotline; safety planning, advocacy, and support for survivors of domestic or sexual abuse or violence; help with restraining orders in the Franklin County courts; supervised visitation for children who need an alternative to unsupervised visits with non-custodial parents or guardians; the Visiting Bear Circle, offering sexual violence prevention in the area's intertribal community; advocacy and education in Spanish for area Latina/os; and Prevention education for area schools and other groups.

The Moving Forward Batterer Intervention Program

www.servicenet.org/content/moving-forward

1(413)587-9050

The Moving Forward Program (MOVE) through ServiceNet is a DPH-certified batterer intervention program that works with mostly men and some women who have used physical, emotional, verbal, economic, or sexual abuse as a means to control their partners. During the program clients are supported and challenged to take full responsibility for their behavior and are taught how to recognize and change their behavior and develop conflict resolution and healthy communication skills to sustain relationships without violence. The program approach, "compassionate confrontation," operates from the belief that all men who are abusive or controlling in their relationships are good people with bad behaviors, and addresses the shame that often accompanies abusive behavior. In addition to MOVE groups, the Moving Forward Program offers Anger Management and Non-Violent Communication (NVC) classes geared towards improving people's capacity for positive behavior, building healthy relationships, and repairing family systems when possible.

The MOVE program runs for 40 weeks, for two hours per week, and is facilitated by a male and female counselor. Clients are 70% mandated by the courts of DCF and 30% voluntary. 50% of those who complete a certified program do not have another physical incident. The program starts with a \$100 intake interview, is followed by the 40-week MOVE program with a 12 member group of the clients choice (weekly fee is based on verifiable income and is on a sliding scale of \$25-\$85 with community service available for those with documented need), and a follow-up program if a client chooses to stay in the MOVE program recognizing that ongoing support is essential to remaining abuse free. MOVE also offers support and information to people whose partners are

enrolled in the program. For more information on ServiceNet, *See Medical and Mental Health, Section II, ServiceNet, p. 52.*

Men's Resource Center for Change

Womanshelter/Compañeras

www.womanshelter.org

1(413)536-1628

1(877)536-1628 24-hour hotline

Womanshelter/Compañeras serves women and children throughout western Massachusetts, with outreach focused in Holyoke, Chicopee, Ludlow, Springfield, West Springfield, Westfield, Southampton, Monson, Palmer, Ware, South Hadley, Belchertown and Granby. Referrals available for individuals outside these areas. All services are confidential and free of charge. Bilingual/bicultural services available.

Everyone has the right to live without fear of abuse – physical, verbal, mental, sexual. Womanshelter/Compañeras operates a confidential emergency shelter for women and children who are trying to escape from dangerous relationships. The goal of the shelter staff is to keep families safe in a homelike atmosphere and assist them in their efforts to establish violence-free lives. Services include: individual counseling; support groups in English and Spanish; medical, financial, and housing advocacy; in-court legal advocates; comprehensive teen services; child advocacy and programming; community education; information and referrals; and refugee and immigrant services.

Because most families are forced to flee without their personal possessions including financial resources, Womanshelter/Compañeras provides sheltered families with food, clothing and other essential items. While in

shelter, families are connected to community resources and receive housing advocacy. Shelter stays range from several days to three months. The average length of stay is 3 weeks.

24 hours a day, every day domestic violence hotlines are available so victims of domestic violence can get the help that they and their children need. With safety as a priority, the YWCA of Western Massachusetts also provides counseling, job training, skill development, child care, health and wellness programs, and of course, support and shelter in a crisis.

Section II. State Domestic Violence Resources

District Attorney's Offices

The Domestic Violence and Sexual Assault Units of District Attorney's Offices work closely with police departments, courts and social service agencies to address the serious problem of domestic and sexual violence through prosecution of the offenders and the development of strategies for prevention and intervention for the victims. *See Legal, Section II, District Attorneys' Offices, p. 46.*

SAFELINK

www.casamyrna.org/index.php/what-we-do/safelink-hotline

1(877)785-2020

SafeLink is the Massachusetts statewide 24/7 toll-free domestic violence hotline operated by Casa Myrna. SafeLink hotline advocates are multilingual, and have access to a translation service that can provide translation in more than 130 languages. All calls to SafeLink are free, confidential, and anonymous.

SafeLink is a resource for anyone affected by domestic violence. Each call is answered by a trained advocate who provides non-judgmental support, assistance with safety planning and information on appropriate resources. SafeLink's state-of-the-art technology allows the advocate answering your call to keep you on the line while you are being connected to a shelter program in your area. This allows callers who are in danger to get help with a single call, rather than having to make numerous calls to different shelter programs across the state.

SafeLink provides safety planning, supportive listening, direct connections to domestic violence shelter programs across Massachusetts, referrals to local domestic violence and community services, and support and resources for anyone who is concerned about a victim of domestic violence.

SAFEPLAN

www.mass.gov/mova/safeplan

SAFEPLAN is Massachusetts Office of Victims Assistance's statewide, court-based program that provides specially trained and certified advocates to help victims of domestic violence, sexual assault, and stalking who are seeking protection from abuse. SAFEPLAN Advocates are employed by local community-based domestic violence and sexual assault programs in 41 district and probate courts across the state. The services they provide to victims are free of charge.

SAFEPLAN Advocates help victims of domestic violence, sexual assault, and stalking in several ways: personalized safety planning, assistance obtaining 209A restraining orders (also called protective orders) and 258E harassment prevention orders (HPOs) from the court, making referrals to local support services, providing information on legal and safety options, and accompanying the victim to protective order hearings. Veterans Education Project

www.vetsed.org

1(413)253-4947

The Veterans Education Project (VEP), founded in 1982 by Vietnam veterans, is an independent non-profit organization based in Amherst, Massachusetts. VEP trains and supports local military veterans to share their personal stories of war and homecoming in Western New England schools and public venues. VEP stories show firsthand the realities and human costs of war, and share strategies and resources for veterans returning to civilian life. By sharing their experiences, veteran speakers gain an authentic connection to the community, provide a bridge between civilian and military worlds, and help to heal the emotional wounds of war.

VEP also sponsors Military Families Connect, an ongoing peer group for local military family members with loved ones deployed overseas or home from war. Some members of the family group also share their experiences to educate the public about the deployment-related challenges many military families face.

Tuition Waivers

www.mass.gov/veterans/education/financial-assistance/tuition-waivers.html

Veterans of Massachusetts may be eligible for any state-supported course in an undergraduate degree program or certificate program offered by a public college or university. To be eligible, a veteran must also be a legal resident of Massachusetts and s/he must not be in default of any federal student loans. Veterans will be eligible on a space-available basis for a waiver of full or partial tuition based on proper documentation of the eligibility of the veteran. Space availability is determined in accordance with normal practices and procedures as published by each institution. Contact the college or university veterans' representative for details.

Veterans Upward Bound Program

UMass Boston

1(617)287-5870

Suffolk University

www.suffolk.edu/offices/39470.html

1(617)725-4100

The Veterans Upward Bound (VUB) Program has two locations in Massachusetts: UMass Boston and Suffolk University. VUB is a free pre-college program that helps veterans develop the academic and personal skills necessary for success in a program of post-secondary education.

In order to qualify, an applicant must: (1) be a U.S. citizen or permanent resident; (2) have served over 180 days on active military duty or have a service-connected disability; (3) have a military discharge other than dishonorable; (4) have academic need. They must also qualify in one of the following two ways: (1) they must be a potential first-generation college student (their primary caregiver had not graduated from a four-year high education institution before the applicant turned 18), or (2) they must meet income guidelines for the program (call school for detailed guidelines).

Section III. Federal Educational Support

Montgomery GI Bill

www.benefits.va.gov/gibill/montgomery_bill.asp

The Montgomery GI Bill (MGIB) is available for those who enlist in the U.S. Armed Forces. Assistance may be used for college degree and certificate programs, technical or vocational courses, flight training, apprenticeships or on-the-job training, high-tech training, licensing and certification tests, entrepreneurship training, certain entrance examinations, and correspondence courses. Remedial, deficiency, and refresher courses may be approved under certain circumstances. Eligible service members may receive up to 36 months of education benefits. Benefits for Active Duty and Select Reserve service members include:

Montgomery GI Bill-Active Duty www.benefits.va.gov/gibill/mgib_ad.asp

Active Duty members who enroll and pay \$100 per month for 12 months may receive a monthly education benefit once they have completed a minimum service obligation. Benefits are generally payable for 10 years following a veterans release from honorable active service.

Some service members may contribute up to an additional \$600 to the GI Bill through the \$600 Buy-Up Program to receive up to \$5,400 in additional GI Bill Benefits. The additional contribution must be made while on active duty. A veteran may be eligible if he/she has an honorable discharge, a high school diploma or GED, and meets minimum duty requirements.

Montgomery GI Bill-Select Reserve www.benefits.va.gov/gibill/mgib_sr.asp

Education benefits are available to reservists who are actively drilling and have a 6-year obligation in the Select Reserve. To qualify, a reservist must meet the following requirements: (1) Have a six-year obligation to service in the Selected Reserve signed after June 30, 1985. Officers must have agreed to serve six years in addition to their original obligations. For some types of training, it is necessary to have a six-year commitment that begins after September 30, 1990. (2) Complete initial active duty for training (IADT). (3) Meet the requirement to receive a high school diploma or equivalency certificate before completing IADT. (4) Remain in good standing while in service in an active Select Reserve unit. A reservist will retain MGIB-SR eligibility if he/she is discharged from Selected Reserve service due to a disability that was not caused by misconduct. One's eligibility period may be extended if one is ordered to active duty. Eligibility normally ends the day one leaves the Selected Reserve.

Post- 9/11 GI Bill www.gibill.va.gov **1(888)GI-BILL-1**

Veterans who serve for a minimum of 90 days active duty on or after September 11, 2001 may qualify for the Post-9/11 GI Bill. This program provides increased benefits for veterans pursuing an approved education program at an approved degree-granting institution. This federal benefit has state-specific implications since the cost of tuition and fees varies by state and is based on the highest in-state undergraduate rate. A monthly housing allowance based on the zip code of the college/university and a book stipend of \$41.67 per credit of up to 24 credits or \$1,000 per academic year is also part of the program. The Post-9/11 GI Bill will pay eligible individuals: (1) tuition and fees directly to the school not to exceed the maximum in-state tuition and fees at a public Institution of Higher Learning; (2) a monthly housing allowance based on the Basic Allowance for Housing for an E-5 with dependents at the location of the school; (3) an annual books and supplies stipend of \$1,000 paid proportionately based on enrollment; (4) a one-time rural benefit payment for eligible individuals. Types of Post-9/11 GI Bill Assistance include:

Dependents' Educational Assistance www.benefits.va.gov/gibill/survivor_dependent_assistance.asp

The Dependents' Educational Assistance (DEA) program offers education and training opportunities to eligible dependents of veterans who are permanently and totally disabled due to a service-related condition or of veterans who died while on active duty or as a result of a service-related condition. Benefits may be used for degree and certificate programs, apprenticeships, and on-the-job training. Remedial, deficiency, and refresher courses may be approved under certain circumstances. Those eligible for DEA benefits may also be eligible for Special Restorative Training to overcome or lessen the effects of a physical or mental disability for the purpose of enabling an eligible person to pursue a program of education, special vocational program or other appropriate goal; or Special Vocational Training for an

eligible person who is not in need of special restorative training, but who requires such a program because of a mental or physical disability.

Veterans' Educational Assistance Program

www.benefits.va.gov/gibill/veap.asp

Active duty personnel could participate in the Veterans' Educational Assistance Program (VEAP) if they entered active duty for the first time after December 31, 1976 and before July 1, 1986, and made a contribution prior to April 1, 2007. Service members who participated in VEAP are eligible to receive benefits while on active duty if: (1) at least three months of contributions are available, except for high school or elementary, in which only one month is needed and (2) they enlisted for the first time after September 7, 1980, and completed 24 months of their first period of active duty. Service members must receive a discharge under conditions other than dishonorable for the qualifying period of service.

The Department of Defense will match contributions at the rate of \$2 for every \$1 put into the fund and may make additional contributions, or "kickers," as necessary. For training in college, vocational or technical schools, the payment amount depends on the type and hours of training pursued. The maximum amount is \$300 a month for full-time training. VEAP participants may receive the same training, work-study benefits and counseling as provided under the MGIB with the exception of preparatory courses.

The Yellow Ribbon Program

www.benefits.va.gov/gibill/post911_gibill.asp

The Yellow Ribbon Program was established by the Post-9/11 GI Bill to allow institutions of higher learning (such as colleges, universities, and other degree-granting schools) in the United States to voluntarily enter into an agreement with the Department of Veterans Affairs (VA) to fund tuition and fee expenses that exceed the tuition and fee amounts payable under the Post-9/11 GI Bill.

The institution can contribute a specified dollar amount of those expenses, and VA will match the contribution, not to exceed 50% of the difference. To receive the Yellow Ribbon Program benefits you must be enrolled in an approved program offered by an institution of higher learning that participates in the Yellow Ribbon Program.

Verification of Military Experience and Training

www.dmdc.osd.mil/tgps

The Verification of Military Experience and Training (VMET) Document, DD Form 2586, helps service members verify previous experience and training to potential employers, negotiate credits at schools, and obtain certificates and licenses. VMET documents are available only through Army, Navy, Air Force, and Marine Corps Transition Support Offices and are intended for service members who have at least six months of active service. Service members should obtain VMET documents from their Transition Support Office within 12 months of separation or 24 months of retirement.

It is illegal for any employer to deny initial employment, reemployment, retention in employment, promotion, or any benefit of employment to a person who is a member of, applies to perform, or has an obligation to perform, service in a uniformed military service of the United States, including the National Guard. Veterans believing they were discriminated against on the basis of their status as veteran should report any complaints to the Massachusetts Commission Against Discrimination.

Work Without Limits

www.workwithoutlimits.org

Work Without Limits is a statewide network of engaged employers and innovative, collaborative partners that aims to increase employments among individuals with disabilities. Its goal is to position Massachusetts as the first state in the nation where the employment rate of people with disabilities is equal to that of the general populations. Work Without Limits is managed by the Disability, Health and Employment Policy (DHEP) Unit at the University of Massachusetts Medical School. DHEP focuses on five core areas: (1) promoting employment, health and well-being of people with disabilities; (2) providing direct employment-related support services to people with disabilities; (3) providing training and technical assistance to employers and employment service providers; and (5) conducting disability and health-related research and evaluation.

Section III. Federal Employment Resources

Department Of Defense Transportal www.Veteranprograms.com/index.html

Department of Veterans Affairs' Center for Veterans Enterprise www.vetbiz.gov 1(866)584-2344

The Department of Veterans Affairs' (VA) Center for Veterans Enterprise helps veterans interested in forming or expanding small businesses and helps VA contracting offices identify veteran-owned small businesses. The Center for Veterans Enterprise maintains vetbiz.gov, which serves as the federal government portal for veteran-owned businesses. This website provides links to sites providing assistance to veteran entrepreneurs, such as the Small Business Administration's (SBA) Veteran's Business Development, Officers located in local SBA offices throughout the nation, and the National Association of State Directors of Veterans Affairs (NASDVA) for information on state assistance to veterans.

Department of Veterans Affairs' Disabled Veteran Business Enterprise www.va.gov/osdbu/veteran

The Disabled Veteran Business Enterprise (DVBE) Participation Program was established to acknowledge disabled veterans for their service and to further DVBE participation in state contracting, promote competition and encourage greater economic opportunity. Each year, state agencies must report to the governor and the legislature their total DVBE contracting participation and if the minimum of 3% is not met, the state agency must provide their reasons for not meeting the goal and an implementation plan for future DVBE participation improvement.

Hero2Hired www.h2h.jobs

The Hero2Hired (H2H) program was created to make it easy for Reserve Component service members to connect to and find jobs with military-friendly companies. H2H offers a search engine for job openings, advice and training for hiring and employment, military-to-civilian skills translations, hiring events, and a career assessment survey. Support for H2H is provided through the Department of Defense's Yellow Ribbon Reintegration Program. *See Education, Section III, Post-9/11 GI Bill, Yellow Ribbon Program, p. 25.*

The U.S. Small Business Administration's (SBA) Office of Veterans Business Development (OVBD) conducts comprehensive outreach to veterans, service-disabled veterans and Reserve Component members of the U.S. military. OVBD also provides assistance to veteran- and reservist- owned small businesses. SBA is the primary federal agency responsible for assisting veterans who own or are considering starting their own small businesses. Among the services provided by SBA are business-planning assistance, counseling and training through community based Veterans Business Outreach Centers. For more information go to www.sba.gov/aboutsba/sbaprograms/ovbd/OVBD_VBOP.html.

A Veterans Business Development Officer is stationed at every SBA District Office to act as a guide to veterans, and SBA offers a full range of self-paced small business planning assistance at www.sba.gov/survey/checklist/index.cgi for veterans, reservists, discharging service members and their families.

Veterans Employment and Training Services (VETS)

www.dol.gov/vets

The Department of Labor's Veterans Employment and Training Services (VETS) Program offers prioritized employment services for veterans through a variety of programs. The purpose of VETS is to ensure the provision of a full range of employment and training services to veterans and to maintain up-to-date information about all the programs and services available to assist veterans at the federal, state, and local level. Programs include:

One-Stop Career Centers

www.careeronestop.org

1(877)US2-JOBS

Employers can resource over 2,000 One-Stop Career Centers nationwide to receive assistance in connecting to and recruiting veterans. Career Centers offer a wealth of resources including specialized local Veterans' Employment Representatives (LVERs) and Disabled Veterans' Outreach Program (DCOP) staff who work solely with veteran populations and can provide relevant veteran applicant referrals (See p. 31). Specially trained staff ensure veterans of the U.S. Armed Forces maximum employment and training opportunities. Services can include counseling, labor market information, job referrals, job search

workshops, and job development with potential employers. Special assistance is available for veterans with service-connected disabilities. See the chart below for Western Massachusetts One-Stop Career Centers or find a center at www.servicelocator.org.

1(617)626-5337

The Transitional Assistance Program (TAP) of the Veterans' Employment and Training Services Program (VETS) is an intensive five-day course designed to ease the transition of military personnel into civilian life. TAP workshops are facilitated regularly by Veterans Outreach Program staff and Local Veterans Employment Representatives at Hanscom Air Force Base in Bedford, Fort Devens in Acton, and the U.S. Coast Guard Base in Boston. TAP is available to transitioning military personnel and their family members who are within 12 months of separating or 24 months of separating if retiring from the military.

Veterans Preference for Federal Jobs

www.opm.gov/staffingPortal/Vetguide.asp

By law, veterans who are disabled or who served on active duty in the U.S. armed forces during certain specified time periods or in military campaigns are entitled to preference over others when hiring from competitive lists of eligible candidates and also in retention during a reduction in force (RIF). To receive preference, a veteran must have been discharged or released from active duty in the U.S. armed forces under other than dishonorable conditions. Preference is also provided for certain widows or widowers of deceased veterans who died in services; spouses of service-connected disabled veterans; and mothers of veterans who died under honorable conditions on active duty or have permanent and total service-connected disabilities. For each of these preferences, there are specific criteria that must be met in order to be eligible to receive the veterans' preference.

When applying for federal jobs, eligible veterans should claim preference on their application or resume. Veterans should apply for a federal job by contacting the personnel office at the agency in which they wish to work.

Vocational Rehabilitation and Employment Program

www.vba.va.gov/bln/vre

1(800)827-1000 Ask to speak to the VR& E Officer

The Vocational Rehabilitation and Employment (VR&E) Program provides educational and vocational counseling to service members, Veterans, and certain dependents at no charge. These counseling services are designed to help an individual choose a vocational direction, determine the course needed to achieve the chosen goal, and evaluate the career possibilities open to them. Counseling services include, but are not limited to, educational and vocational counseling and guidance; testing; analysis of and recommendations to improve job-marketing skills; identification of employment, training, and financial aid resources; and referrals to other agencies providing these services.

Educational and vocational counseling services are available during the period an individual is on active duty with the armed forces and within 180 days of the estimated date of his or her discharge or release from active duty. The projected discharge must be under conditions other than dishonorable. Veterans and service members may apply for counseling services using VA Form 28-8832, Application for Counseling. They may also write a letter expressing a desire for counseling services.

The VR &E program provides Employment Coordinators (EC) who assist veterans and service members with employment. ECs provide assistance with labor market information, employer visits and education, resume

development, interview skills training, job resource labs, job coaching, and job placement follow-up. ECs also assist veterans with service-connected disabilities through the following programs:

Vet Success

www.vetsuccess.gov

The Vocational Rehabilitation and Employment (VR&E) VetSuccess Program is authorized by Congress under Title 38, Code of Federal Regulations, Chapter 31. It is sometimes referred to as the Chapter 31 program. The VetSuccess program assists veterans with service-connected disabilities to prepare for, find, and keep suitable jobs. For veterans with service-connected disabilities so severe that they cannot immediately consider work, VetSuccess offers services to improve their ability to live as independently as possible.

A VA veteran who is eligible for an evaluation under Chapter 31 must first apply for services and receive an appointment with a Vocational Rehabilitation Counselor (VRC). The VRC will work with the veteran to determine if an employment handicap exists as a result of his or her service connected disability. If an employment handicap is established and the veteran is found entitled to services, the VRC and the veteran will continue counseling to select a track of services and jointly develop a plan to address the veteran's rehabilitation and employment needs. The VRC will help any veteran found not to be entitled to services locate other resources to address any rehabilitation and employment needs during the evaluation.

Services that may be provided by VetSuccess include: comprehensive rehabilitation evaluation to determine abilities, skills, and interests for employment; vocational counseling and rehabilitation planning for employment services; employment services such as job-training, job-seeking skills, resume development, and other work readiness assistance; assistance finding a job, including the use of special employer incentives and job accommodations; post-secondary training at a college, vocational, technical or business school; supportive rehabilitation services including case management, counseling, and medical referrals; independent living services for veterans unable to work due to the severity of their disabilities; and On the Job Training (OJT)*, apprenticeships (SEI)**, and non-paid work experiences (NPWE)***.

***VR&E On the Job Training Program (OJT)**

An employer can hire a veteran at an apprentice wage and VR&E supplements the salary up to the journeyman wage. As the veteran progresses through training, the employer begins to pay more of the salary until the veteran reaches the journeyman level and the employer pays the entire salary. The employer may also be eligible for a federal tax credit for hiring an individual who participated in a vocational rehabilitation program.

****VR&E Special Employer Incentive Program (SEI)**

This program is used for veterans facing extraordinary obstacles to employment. A veteran is placed in an OTJ or work experience with an employer and a VR&E can reimburse the employer up to 50% of the veteran's salary for up to 6 months. The employer may also be eligible for a federal tax credit for hiring an individual who participated in a vocational rehabilitation program.

*****VR&E Non-Paid Work Experience Program (NPWE)**

A veteran is placed in a local, state, or Federal government office position. The placement does not count against the agency's Full-Time Equivalent (FTE) openings and the agency does not pay the veteran. VR&E pays the veteran a monthly subsistence allowance while the veteran is participating in the program. During the placement, the veteran works towards gaining and/or strengthening particular skill sets. Though the office is under no obligation to hire the veteran, the goal of the program is for the veteran to obtain full-time permanent employment in the office where s/he is placed, or at a similar office.

Veterans Retraining Assistance Program

www.benefits.va.gov/vow

The Veterans Retraining Assistance Program (VRAP) of the VOW to Hire Heroes Act of 2011 provides retraining for unemployed veterans hardest hit by current economic conditions. VRAP offers 12 months of training assistance to unemployed veterans. To qualify a veteran must be at least 35 but no more than 60 years old, be unemployed, have an other than dishonorable discharge, not be eligible for any other Department of Veterans Affairs (VA) education benefit program, not be in receipt of VA compensation due to unemployability, and must not be enrolled in a federal or state job-training program.

Soldier On is a non-profit organization that works in partnership with the Department of Veterans Affairs (VA) and other agencies to provide veterans with both shelter and support within an environment that offers dignity, integrity, and hope. Services include: permanent housing, transitional housing, mental health services, substance abuse treatment, case management, peer support, medical/dental treatment, transportation, legal assistance, and employment/educational services.

It operates in two locations: (1) a 165- bed shelter in two buildings leased from the Veterans Affairs Medical Center in Leeds, and (2) the Berkshire Veterans Residence, a transitional living facility with space for 71 formerly homeless veterans in Pittsfield. The facilities are managed by formerly homeless veterans, ensuring that those served are empowered to creating and maintaining their own living environment.

Housing Authorities

www.mass.gov/hed/economic/eohed/dhcd/contacts/local-housing-authority-listing.html

Veterans applying for state-aided public housing through a local housing authority, who are to be displaced by any low-rent housing project or by a public slum clearance or urban renewal project or who were displaced within three years prior to applying for low-rent housing, when equally in need and eligible for occupancy as other applicants, shall be given preference in tenant selection in the following order:

1. Families of disabled veterans whose disability has been determined by the Department of Veterans Affairs (VA) to be service-connected.
2. Families of deceased veterans whose death has been determined by the VA to be service-connected.
3. Families of all other veterans.

The word “veteran” includes the spouse, surviving spouse, depended parent or child of a veteran, and the divorced spouse of a veteran who is a legal guardian of a child of a veteran. Any amounts received by the veteran for use in paying tuition, fees, or the cost of books cannot be included in the calculation of the veteran’s gross income for the purposes of state-aided public housing. Housing authorities are authorized to exclude disability compensation paid by the VA to totally unemployable disabled veterans in excess of \$1,800. However, it is dependent on the individual housing authority to allow such exclusion.

Home Loan Guaranty

www.homeloans.va.gov

Department of Veterans Affairs (VA) Home Loan Guaranties are issued to help eligible service members, veterans, reservists and certain unmarried surviving spouses obtain homes, condominiums, and manufactured homes, and to refinance loans. A VA guaranty helps protected lenders from loss if the borrower fails to repay the loan. It can be used to obtain a loan to (1) buy or build a home, (2) buy or build a residential condominium unit, (3) buy a residential cooperative housing unit, (4) repair, alter, or improve a residence owned by the veteran and occupied as a home, (5) refinance an existing home loan, (6) buy a manufactured home and/or lot, (7) install a solar heating or cooling system or other energy-efficient improvements.

In addition to the periods of eligibility and conditions of service requirements, applicants must have a good credit rating, sufficient income, a valid Certificate of Eligibility (COE), and agree to live in the property in order to be approved by a lender for a VA home loan. Lenders can apply for a COE online at:

HUD/VASH - Supported Housing Program for Homeless Veterans

www.va.gov/homeless/hud-vash.asp

1(800)893-1522

The HUD/VASH Program is a collaboration between the U.S. Department of Housing & Urban Development (HUD) and the Department of Veterans Affairs (VA) that assists homeless veterans and their immediate families find and maintain affordable, safe, and permanent housing in the community. The program is designed to improve each veteran's overall health and to enhance the veteran's ability to remain stable, housed and integrated in their local community. A key component of the program is case management provided by VA Social Workers. Program participants formulate treatment plans with their social workers and receive ongoing support to attain their goals. Referrals are also made to additional community-based supports.

The HUD/VASH Program is intended for veterans who are eligible for VA medical care, are currently homeless, and have an identified need for case management. Other factors that are considered for eligibility are if a veteran has a history of medical, mental health, and/or substance abuse concerns that are now stabilized; is ready for independent housing in the community but needs ongoing case management services to maintain it; has an income to pay for his/her housing; is motivated to improve the quality of life by working with a VA case manager and actively participating in treatment to address needs; and is not on the on the registry for sex offenders.

Veterans are referred to the HUD/VASH Program through an application to be completed by the veteran's current provider. Providers may include, but are not limited to, case managers, nurses, therapists, or Veteran's Service Officers. The Admission Team will assess the veteran's eligibility and need for long term case management. If the veteran is admitted to the program a case manager will be assigned to begin working with the veteran on a treatment plan and connection to services. Veterans who refuse VA case management services may lose their housing choice voucher. If a referred veteran is found to be ineligible or inappropriate for the program, referrals to other resources will be made.

Costs: (1) 30-40% of the veteran's gross monthly income; (2) first, last months of rent, security deposits, and utilities along with any upfront fees; (3) incidental and monthly expenses are considered.

Tenancy Preservation Program

www.masshousing.com/TPP

1(617)854-1089

The Tenancy Preservation Program (TPP) is a homelessness prevention program that works with tenants, including families with children with disabilities, facing eviction as a result of behavior related to disability. TPP functions as a neutral party to the landlord and tenant and, in consultation with the Housing Court Department, TPP works with property owner and tenant to determine whether the disability can be reasonably accommodated and the tenancy preserved. The TPP works by having clinicians assess the reasons for the eviction, identify needed services, develop a treatment plan to maintain the tenancy, and monitor the case for as long as is necessary.

Veterans Justice Partnership

www.veteransjusticepartnership.org

1(866)406-8449

The purpose of the Veterans Justice Partnership is to develop service and treatment options and, where appropriate, propose alternatives to incarceration. It coordinates services among treatment providers and the courts, attorneys, jails, probation officers and houses of correction. Anyone with a history of military service who is currently involved with the criminal justice system in Franklin, Hampshire, or Hampden counties is eligible. The Veterans Justice Partnership is a collaboration of community and criminal justice partners with the goal of helping veterans and service members in need. Our mission is to provide veterans with access to information, resources and programs to help them make positive transitions and lead productive lives. *See Legal, Section I, Mission Direct Vet, p. 45.*

Disabled American Veterans (DAV) is the most long-lasting veterans' advocacy and assistance group in the nation. Its core mission is to fulfill the nation's promises to the men and women who served. It provides free, professional assistance to veterans and their families obtaining benefits and services earned through military service and provided by the Department of Veterans Affairs (VA) and other agencies of government; provides outreach concerning its program services to the American people generally, and to disabled veterans and their families specifically; represents the interests of disabled veterans, their families, their widowed spouses, and their orphans before Congress, the White House and the Judicial Branch, as well as state and local government; extends hope into the communities where veterans and their families live through a network of state-level Departments and local

chapters; and provides a structure through which disabled veterans can express their compassion for the fellow veterans through a variety of volunteer programs.

Transition Service Officers (TSOs) provide benefits counseling and assistance to service members filing initial claims for VA benefits. To find a local TSO: www.dav.org/veterans/nsoffices.aspx.

Incarcerated Veterans

The Department of Veterans Affairs (VA) developed the Veterans Justice Outreach (VJO) Program to prevent incarceration and reduce recidivism among Veterans. The purpose of the VJO initiative is to avoid unnecessary criminalization of mental illness and extended incarceration among veterans by ensuring that eligible veterans in contact with the criminal justice system have access to Veterans Health Administration (VHA) mental health and substance services. The mission of the VJO is to build relationships with criminal justice entities including courts and attorneys, law enforcement, and county and state corrections.

The VJO Program outreaches VA eligible Justice-involved veteran, a veteran who has contact with the judicial system, law enforcement, or the jail system, with known or suspected service related mental-health condition(s) that demonstrates some correlation with their current and/or most recent criminal behavior. It also targets justice-involved veterans who could benefit from being diverted from the criminal justice system to mental health and/or substance abuse treatment.

Healthcare services may include hospital and outpatient medical care, domiciliary and nursing homes, sexual trauma counseling, specialized healthcare for women veterans, homeless programs, readjustment counseling, and mental health services.

Clinic lawyers cannot provide representation in court but can offer guidance on navigating the court system.

Medical and Mental Health.

Section I. Common Veterans' Health Issues

Military Sexual Trauma

Many veterans, male and female, may have experienced sexual trauma while on active duty. The law defines sexual trauma as sexual harassment, sexual assault, rape, and other acts of violence. It further defines sexual harassment as repeated unsolicited verbal or physical contact of a sexual nature, which is threatening. Those veterans with a history of sexual trauma suffered while in the military may be eligible for Department of Veterans Affairs (VA) treatment without charge for conditions related to that trauma, whether or not they are service-connected for that trauma. Post-Traumatic Stress Disorder

Post-Traumatic Stress Disorder (PTSD) is a psychiatric disorder that can occur following the experience or witnessing of life-threatening events such as military combat, natural disasters, terrorist incidents, serious accidents, or violent personal assaults like rape. People who suffer from PTSD often relive the experience through nightmares and flashbacks, have difficulty sleeping, and feel detached or estranged. PTSD is marked by clear biological changes as well as psychological symptoms. PTSD is complicated by the fact that it frequently occurs in conjunction with related disorders such as depression, substance abuse, problems of memory and cognition, and other problems of physical and mental health. The Soldiers' Home in Holyoke provides the following services:

Domiciliary Care

1(413)532-9475 x. 532.1753

A domiciliary for ambulatory veterans is located in a separate building on the Soldiers' Home campus. The domiciliary accommodates veterans who require some assistance with the activities of daily living. Domiciliary veterans are able to participate in a wide range of social programs available through the Soldiers' Home to include compensated work therapy. The Department of Social Work at the Soldiers' Home is an integral part of the professional services provided to veterans enrolled in care. Licensed social workers are involved in both the admissions process and the provision of social work services to veterans in the domiciliary and the long-term care centers at Holyoke. Contact Social Services at (413) 532-1119 for more information.

Long Term Nursing Care

1(413)552-4764

The Soldiers' Home provides interdisciplinary geriatric and extended health care services including nursing, geriatric psychiatry, dietary, recreation therapy, social work assistance and rehabilitation services. Eligibility is based on clinical need and setting availability. Long-term care is comprised of Veteran Care Centers, whose staff members function as a team. Each center has an assigned physician as well as a registered nurse who serves as the Veteran Care Coordinator to coordinate every individual veteran's care with all team members. The Soldiers' Home is a place where veterans can receive nursing home level of care, which includes help with activities of daily living (e.g., bathing and getting dressed) and medical care. The mission of the Soldiers' Home is to provide "Care with Honor and Dignity" for each veteran's highest level of well-being. Our goal is to also prevent declines in health and to provide comfort at the end of life.

Outpatient Services

1(413)536-1222

Massachusetts veterans in the community can receive health care in the Outpatient Department, which is staffed by primary care physicians. Consultant physicians include the following specialties: Proctology, Optometry, Ophthalmology, Dentistry, Ear, Nose, and Throat, Minor Surgery, Podiatry, Urology, Hematology, and Nephrology. Other services provided by the Outpatient Department include dietary services, physical therapy, social services, and a Veterans' benefits advisor. Appointments are required.

Pharmacy

1(413)532-9475

Limited pharmacy services are available. \$10 generic, \$15 preferred brand, \$25 brand name co-payments are required.

Veteran and Family Member Care

1(413)420-6270

The Soldiers' Home, through a partnership with the Holyoke Health Center (HHC), provides dental care for inpatient residents of the Home as well as outpatient specialty dental care for eligible veterans and their family members. To maintain appointment availability for resident veterans, family members are seen at any of HHC's community offices (Chicopee, Holyoke, Springfield, and Westfield). In addition to preventative cleanings, dental services available include x-rays, fillings, oral cancer screenings, root canals, oral surgery, extractions, dentures, partials, crowns, bridges, and periodontal therapy.

In order to receive dental services, veterans must be registered with the Soldiers' Home (enrolled with a "Blue Card") and have received treatment within the Home's outpatient department within one year of his or her scheduled dental appointment. Once income and eligibility are determined, the HHC uses a sliding fee schedule based upon federal guidelines for income levels and family size. If the veteran has billable insurance, HHC will bill that insurer and the veteran will be responsible for payments as determined by his or her dental plan. HHC is also capable of billing Mass Health/Health Safety Net for those veterans who qualify for such benefits. If veterans are unsure of whether or not they qualify, the HHC will make that determination based upon a veteran's income level.

Veterans Assistance Center

1(413)538-5923

As a resource for all veterans in the community, a Veterans' Assistance Center at the Soldiers' Home is open Monday through Thursday by appointment. The Center provides veterans of all ages with help in obtaining government benefits their military service entitles them to, community referrals, and interaction with local veteran service officers at the municipal city and town level.

The Department of Veterans Affairs Central Western Massachusetts Healthcare System provides psychiatric, substance abuse, and Post Traumatic Stress Disorder services as well as primary and secondary levels of medical care to the veteran population in Western Massachusetts of over 85,000 men and women.

The medical center has 85 psychiatric beds and a 66-bed nursing home care unit located at the Northampton campus, and a 16-bed substance abuse, compensated work therapy, transitional residence located off-campus. Care is also provided at community-based outpatient clinics in Springfield, Greenfield, and Pittsfield. There is an extensive network of residential settings from board and care homes to skilled nursing care.

Department of Veterans Affairs Healthcare Benefits

www.va.gov/health

The Department of Veterans Affairs (VA) operates the nation's largest integrated health care system with more than 1,500 sites of care, including hospitals, community clinics, community living centers, domiciliary, readjustment counseling centers, and various other facilities. A person who served in the active military, naval, or air service and who was discharged or released under conditions other than dishonorable may qualify for VA health care benefits.

Under Chapter 58 of the Massachusetts Healthcare Reform Law, all Massachusetts residents are required to have health insurance. Under Administrative Bulletin 04-07 enrollment in the VA healthcare system qualifies as creditable insurance coverage under law. Coverage is available at very low or no out-of-pocket cost, so veterans should consider applying for VA healthcare prior to signing up for Commonwealth Care, Medicare, or MassHealth, which may charge premiums, fees, and co-pays.

Minimum duty requirement: Veterans who enlisted after Sept. 7, 1980, or who entered active duty after Oct. 16, 1981, must have served 24 continuous months or the full period for which they were called to active duty in order to be eligible. This minimum duty requirement may not apply to veterans discharged for hardship, early out or a disability incurred or aggravated in the line of duty.

Healthcare benefits include: inpatient care, extended care, outpatient care, medication, readjustment counseling services, prosthetic and sensory aids, services for the blind and visually impaired, mental health care treatment, work restoration programs, outpatient dental treatment, nursing home care, emergency medical care in U.S. non-VA facilities, foreign medical service reimbursement, online health services, caregiver programs and services, and many others. More information on requirements and benefits is available online.

The following four categories of veterans are not required to enroll, but are urged to do so to permit better planning of health resources: (1) veterans with a service-connected disability of 50 percent or more; (2) veterans seeking care for a disability the military determined was incurred or aggravated in the line of duty, but which VA has not yet rated, within 12 months of discharge; (3) veterans seeking care for a service-connected disability only; (4) veterans seeking registry examinations (Ionizing Radiation, Agent Orange, Gulf War/ Operation Iraqi Freedom and OIF/OEF veterans).

Veterans can apply and submit their application for enrollment (VA Form 1010EZ), online at www.1010ez.med.va.gov/sec/vha/1010ez/ or by calling 1(877)222-VETS (8387), or your local Veterans Service Office. *See Benefits and Benefit Aid, Section II, Chapter 115, Veterans' Service Officers, p.6.* Once enrolled, veterans can receive health care at VA health care facilities anywhere in the country. VA Healthcare Programs include:

Afterdeployment.org

www.Afterdeployment.org

Afterdeployment.org is a wellness resource site developed by Department of Defense (DoD) and VA service members, veterans, and military families. This site provides assessments for and detailed information on a variety of issues veterans and their family members face following deployment, and VA services provided to meet those needs.

CHAMPVA

www.va.gov/hac/forbeneficiaries/champva/champva.asp

1(800)733-8387

Under Civilian Health and Medical Program of the Department of Veterans Affairs (CHAMVA) certain dependents and survivors can receive reimbursement for most medical expenses—inpatient, outpatient, mental health, prescription medication, skilled nursing care, and durable medical equipment. To be eligible for CHAMPVA, an individual cannot be eligible for TRICARE (the medical program for civilian dependents provided by Department of Defense) and must be one of the following: (1) The spouse or child

of a veteran whom VA has rated permanently and totally disabled due to a service-connected disability; (2) The surviving spouse or child of a Veteran who died from a VA-related service-connected disability, or who, at the time of death, was rated permanently and totally disabled; (3) The surviving spouse or child of a veteran who died on active duty service and in the line of duty, not due to misconduct.

Dental Benefits

www.va.gov/health/services/dental

Dental benefits are provided by the Department of Veterans Affairs (VA) according to law. In some cases, VA is authorized to provide extensive dental care, while in other cases treatment may be limited. Federal Recovery Coordination Program

www.oefoif.va.gov/fedrecovery.asp

The Federal Recovery Coordination Program, a joint program of Department of Defense (DoD) and Department of Veterans Affairs (VA), helps coordinate and access federal, state, and local programs, benefits, and services for seriously wounded, ill, and injured service members, and their families through recovery, rehabilitation, and reintegration into the community.

Federal Recovery Coordinators (FRCs) have the delegated authority for oversight and coordination of the clinical and non-clinical care identified in each client's Federal Individual Recovery Plan (FIRP). Working with a variety of case managers, FRCs assist their clients in reaching their FIRP goals. FRCs remain with their clients as long as they are needed regardless of the client's location, duty, or health status. In doing so, they often serve as the central point of contact and provide transition support for their clients.

Veterans Crisis Line

Chat: www.VeteransCrisisLine.net

Text: 838255 confidential text

Call: 1(800)273-8255 press 1

When veterans experience emotional distress or suicidal crisis, the Veterans Crisis Line provides them with the support they've earned. Since its launch in 2007, the Veterans Crisis Line has answered more than 745,000 calls and made more than 26,000 lifesaving rescues. Additionally, more than 83,000 people have been assisted through the online chat.

Veterans and their family members and friends who call, chat, or text to the Veterans Crisis Line are immediately connected with a Department of Veterans Affairs (VA) professional who is specially trained to handle a crisis. Many of the Veterans Crisis Line responders are veterans themselves and understand the unique issues veterans experience. Responders are available by phone, online chat, and text all day, every day.

Each VA Medical Center has a Suicide Prevention Coordinator or team to ensure veterans receive appropriate services. When appropriate, calls from the Veterans Crisis Line can be referred to the coordinators, who follow up with veterans and coordinate care for issues ranging from PTSD and depression to readjustment challenges and sleeping problems. Suicide Prevention Coordinators and partner organizations continually engage veterans and communities to raise awareness about the Veterans Crisis Line and VA's broader suicide prevention and behavior health resources.

Wounded Warrior Project

www.woundedwarriorproject.gov

Wounded Warrior aims to foster the most successful, well-adjusted generation of wounded service members in the nation's history. It seeks to raise awareness and enlist the public's aid for the needs of injured service members; to help injured service members aid and assist each other; and to provide unique, direct programs and services to meet the needs of injured service members. Wounded Warrior takes a holistic approach when service warriors and their families to nurture the mind and body, and encourage economic empowerment and engagement.

Minority Veterans.

Section I. Local Resources

Western Massachusetts Bilingual Veterans Outreach Center

www.bilingualvets.org

1(413)731-0194

281 Franklin Street
Springfield, MA 01104

The Bilingual Veterans Outreach Centers of Massachusetts, Inc. assists all veterans from all wars who are seeking relief and due benefits from the Department of Veterans Affairs.

Section II. Federal Resources

Department of Veterans Affairs Center for Minority Veterans

www.va.gov/CENTERFORMINORITYVETERANS/index.asp

The Center for Minority Veterans is part of the Office of the Secretary. The Center assists eligible veterans in their efforts to receive benefits and services from the Department of Veterans Affairs (VA). It acts as a mediator and facilitator, but does not process claims, handle equal employment complaints, or employee relation problems. Minority Veterans Program Coordinators (MVPC) promote the use of VA benefits, programs, and services by minority veterans, support and initiate activities that education and sensitize internal staff to the unique needs of minority veterans, target outreach efforts to minority veterans through community networks, and advocate on behalf of minority veterans by identifying gaps in services and making recommendations to improve service delivery within their facilities.

Loans for Native American Veterans

benefits.va.gov/homeloans/nadl.asp

The Native American Direct Loan Program provides direct home loans from the Department of Veterans Affairs to eligible Native American Veterans to finance the purchase, construction, or improvement of homes on Federal Trust Land, or to refinance a prior NADL to reduce the interest rate.

Naturalization Preference for Veterans

www.uscis.gov/military

Through U.S. Citizenship and Immigration Services (USCIS) honorable active-duty service in the U.S. armed forces during a designated period of hostility allows an individual to naturalize without being required to establish any periods of residence of physical presence in the United States. A service member who was in the United States, certain territories, or aboard an American public vessel at the time of enlistment, re-enlistment extension of enlistment or induction, may naturalize even if he or she is not a lawful permanent resident. Qualifying members of the armed forces who have served at any time during a specified period of hostility may immediately apply for naturalization using the Application for Naturalization, Form N-400.

1(413)821-9500

Agawam Cemetery
1390 Main Street
Agawam, MA 01001

Massachusetts has state Veteran's Memorial Cemeteries located in Agawam and Wichendon. There is no fee for a veteran's burial in a state veterans' memorial cemetery. A nominal fee will be charged for the burial of spouses, widows/widowers, and qualified dependents. With the exception of a residency requirement, the Massachusetts Veteran's Memorial Cemeteries follow the military eligibility requirements set forth by the National Cemetery Administration. *See Introduction, Section I, General Requirements, p. 1.*

Section II. Federal Benefits and Resources

Burial and Memorial Benefits

www.cem.va.gov

1(800)827-1000

Veterans discharged from active duty under conditions other than dishonorable and service members who die while on active duty, active duty for training, or inactive duty training, as well as spouses and dependent children of veterans and active duty service members, may be eligible for Department of Veterans Affairs (VA) burial and memorial benefits including burial in a national cemetery, a headstone to mark the grave of a veteran interred in a private cemetery or a Presidential Memorial Certificate for loved ones. The veteran does not have to die before a spouse or dependent child can be eligible.

VA's National Cemetery Scheduling Office or local national cemetery directors verify eligibility for burial. A copy of the veteran's discharge document that specifies the period(s) of active duty and character of service is usually sufficient to determine eligibility. In some instances, a copy of the deceased death certificate and proof of relationship to the veteran (for eligible family members) may be required.

Under Section 2411 of Title 38 of the United States Code, certain otherwise eligible individuals found to have committed federal or state capital crimes are barred from burial or memorialization in a VA national cemetery, and from receipt of Government-furnished headstones, markers, medallions, burial flags, and Presidential Memorial Certificates. Veterans and other claimants for VA burial benefits have the right to appeal decisions made by VA regarding eligibility for national cemetery burial or other memorial benefits.

Burial and Memorial Benefits include: Headstones, Markers, and Medallions; "In Memory Of" Markers; Medallions in Lieu of Government Headstone/Marker; Presidential Memorial Certificates; Burial Flags; Reimbursement of Burial Expenses; Burial Allowances; Plot Allowances; and Military Funeral Honors.

Correction of Military Records

www.dtic/mil/whs/directives/infomgt/forms/formsprogram.htm

The secretary of a military department, acting through a Board for Correction of Military Records, has authority to change any military record when necessary to correct an error or remove an injustice. A correction board may consider applications for correction of a military record, including a review of a discharge issued by court-martial. The veteran, survivor, or legal representative may file a request for correction within three years of discovering an alleged error or injustice. The board may excuse failure to file within this time, however, if it finds it would be in the interest of justice. It is an applicant's responsibility to show why the filing of the application was delayed and why it would be in the interest of justice for the board to consider it despite the delay. To justify a correction, it is necessary to show to the satisfaction of the board that the alleged entry or omission in the records was in error or unjust. Applications should include all available evidence such as signed statements of witnesses or a brief of arguments supporting the correction. Application is made with DD Form 149 available at Department of Veterans Affairs (VA) offices, veterans organizations or online.

Replacing Military Medals

www.archives.gov/research/index.html

Medals awarded while in active service are issued by the individual military services if requested by veterans or their next of kin. Requests for replacement medals, decorations, and awards should be directed to the branch of the military in which the veteran served. Requests for replacement medals should be submitted on Standard Form 180, Request Pertaining to Military Records, which may be obtained at Department of Veterans Affairs (VA) offices or online. When requesting medals, type or clearly print the veteran's full name, include the veteran's branch of service, service number or Social Security number and provide the veteran's exact or approximate dates of military service. The request must contain the signature of the veteran or next of kin if the veteran is deceased. If available, please include a copy of the discharge or separation document, WDAGO Form 53-55 or DD Form 214.

Replacing Military Records

www.archives.gov/research/index/html

If discharge or separation documents are lost, veterans or the next of kin of deceased veterans may obtain duplicate copies by completing forms found at the above link and mailing or faxing them to the National Personnel Records Center, or through the Department of Veterans Affairs' eBenefits portal. *See Benefits and Benefit Aid, Section III, eBenefits, p. 14.* The veteran's full name should be printed or typed so that it can be read clearly, but the request must also contain the signature of the veteran or the signature of the next of kin, if the veteran is deceased. Include the veteran's branch of service, service number or Social Security number, and the exact or approximate dates and years of service. Use Standard Form 180, Request Pertaining to Military Records, which may be obtained at VA offices or online. It is not necessary to request a duplicate copy of a veterans discharge or separation papers solely for the purpose of filing a claim for VA benefits. If complete information about the veteran's service is furnished on the application, VA will obtain verification of service.

Review of Discharge from Military Service

www.dtic.mil/whs/directives/infomgt/forms/formsprogram.htm

Each of the military services maintains a discharge review board with authority to change, correct, or modify discharges or dismissals not issued by a sentence of a general court-martial. The board has no authority to address medical discharges. If the veteran or, if the veteran is deceased or incompetent, the surviving spouse, next of kin or legal representative, may apply for a review of discharge by writing to the military department concerned using DD Form 293, Application for the Review of Discharge from the Armed Forces of the United States. This form may be obtained at a Department of Veterans Affairs (VA) regional office, from veterans' organizations or online.

However, if the discharge was more than 15 years ago, a veteran must petition the appropriate Service's Board for Correction of Military Records using DD Form 149, Application for Correction of Military Records Under the Provisions of Title 10, U.S. Code, Section 1552. A discharge review is conducted by a review of an applicant's record and, if requested, by a hearing before the board.

Discharges awarded as a result of a continuous period of unauthorized absence in excess of 180 days make persons ineligible for VA benefits regardless of action taken by discharge review boards, unless VA determines there were compelling circumstances for the absence. Boards for the Correction of Military Records also may consider such cases.

Substance Abuse.

Section I. Centers and Programs

Addiction Treatment Centers

Types:

Acute Treatment is medical stabilization for individuals in need of detoxification in a medically monitored environment.

Clinical Support is a clinically managed high intensity short-term residential program for individuals not in need of detox.

Narcotic Treatment Services include Methadone maintenance and outpatient detox for opiate addicted individuals.

Office-Based Opioid Treatment includes Nurse Case management services of Suboxone treatment within a community health center setting.

Opiate Overdose Prevention involves Narcan distribution, training and education for active opiate user, family members, friends, and treatment staff.

Outpatient Services include assessment, counseling and follow-up for individuals and families experiencing problems with alcohol and other drugs. Psycho educational groups may be offered to those at risk of substance abuse or addiction.

Transitional Support is structured residential support and case management for individuals post detox and in transition to residential placement. Individuals must be referred from an ATS program or homeless shelter.

Recovery Programs

Types:

Recovery Homes are transitional residences for men and women, eighteen years of age and older, who are in the early stages of substance abuse recovery. They provide a home-like atmosphere in which recovering alcoholics and drug addicts receive individual and/or group counseling, educational vocational training, and support that helps residents to return to independent, drug-free living in the community. All programs are staffed seven days per week, twenty-four hours per day.

Recovery Support Centers offer people in recovery peer support that helps to prevent relapse and promote sustained recovery from alcohol and drug use. The center will offer an environment which enhances life skills and creates opportunities to connect with others in recovery and the broader community. Information about treatment services and referral to treatment will also be offered.

Social Model Recovery Homes are transitional residences for men and women eighteen years of age and older, who are in the early stages of substance abuse recovery. Social Model Recovery Homes provide a lightly structured, drug-free environment. This supportive environment is maintained through twenty-four hour staffing and case

management services. The emphasis is placed on assisting residents to provide one another with a culture of recovery, support, sharing, and positive peer role modeling.

Substance Abuse Prevention Programs offer primary prevention services and opportunities to increase the factors in the lives of youth at risk that protect them from substance use and decrease their risk of health problems. Science based curriculums are used for youth programming and environmental strategies are used within community coalitions.

Supportive Housing provides case management services within an alcohol and drug-free living environment that reinforces recovery through establishing community-based supports to maintain ongoing goals in the recovery process. These programs have linkages with a range of services in the continuum of care. These linkages will assist and support residents to address primary health concerns, as well as develop skills and abilities to sustain recovery, continue to establish independence, and provide opportunities for aftercare planning.

Therapeutic Communities are transitional residences for men and women eighteen years of age or older, who are in the early stages of substance abuse recovery. Therapeutic Communities provide a highly structured environment with defined social and behavior boundaries. Both residents and staff act as facilitators, emphasizing personal responsibility for one's life and for self-improvement. The residents, with staff support, have defined tasks, which facilitate the ongoing operation of the program. Residents play a significant role in managing the Therapeutic Community, acting as positive role models for others.

The Recover Project

www.recoverproject.org

1(413)774-5489

68 Federal Street
Greenfield, MA 01301

The Recover Project is a community-driven project that enhances the lives of people in recovery from substance addiction and alcoholism, family members, and concerned others. Located in Greenfield, the Recover Project provides a safe space for peer-to-peer supports based on the guiding principle that competence and wisdom reside in those with lived experience. Members create a positive image and increase community awareness about recovery in order to reduce stigma and offer hope. Information about other community resources that support recovery is available at the Recover Project. Services include: peer coaching, family support advocates, daily peer-led activities, free workshops, resource computers and training, leadership training, art group, yoga, alcohol/drug-free dances and open mic nights, and wilderness hikes. The Recovery Project is supported in part by the Massachusetts Department of Public Health, Bureau of Substance Abuse Services, and the Greenfield Community Development Block Grant.

Women Veterans.

Section I. State Women's Resources

Women Veterans' Network

www.mass.gov/veterans/women-veterans

1(617)210-5781

600 Washington Street, Suite 1100

Boston, MA 02111

Email: DVSWomen@vet.state.ma.us

The Women Veterans' Network of the Department of Veterans' Services (DVS) was established in 1997 with the vision of being the central resource for women veterans in Massachusetts. It provides women veterans with information on federal, state, and local benefits; expands awareness of the needs of women veterans and identifies available health and human resources to meet those needs; and advocates on behalf of women veterans in the Commonwealth of Massachusetts.

Database of Women Veterans

www.mass.gov/veterans/women-veterans/wvn/database.html

The Women Veterans' Database is an information bridge, which connects Massachusetts women veterans with various resources and benefits available to them. Women veterans who join the network will also receive a bi-annual newsletter and information on annual women veterans' luncheons where women veterans can connect with one another.

Veterans' Service Officers

Veterans' Service Officers (VSOs) can assist women veterans in applying for federal benefits and state medical, housing, educational, employment, motor vehicle, burial, real estate, and annuity benefits. *See Benefits and Benefit Aid, Section II, Chapter 115, Veterans' Service Officers, p. 6.*

Women Veterans' Network Committee

www.mass.gov/veterans/women-veterans/get-involved/join-the-wvn-volunteer-committee.html

Members of the Women Veterans' Network Committee include women veterans from all eras, U.S. Department of Veterans Affairs representatives, local Veterans' Service Officers, and representatives of veterans' service organizations, and active duty military personnel. The Committee meets bimonthly to share information and work on projects.

36 Frequently Asked Questions from Massachusetts Women Veterans

The Women Veterans' Network Committee compiled a booklet answering the 36 most frequently asked questions of Massachusetts' women veterans. This publication is an easy-to-use reference tool that points readers to the federal and state programs and resources available to women veterans. These books are available at no charge. Call or email the Women Veterans' Network to request a copy.

Section II. Federal Women's Resources

Department of Veterans Affairs Services for Women

Center for Women Veterans

www.va.gov/womenvet

1(855)VA-WOMEN

The Center for Women Veterans' mission is to monitor and coordinate Department of Veterans Affairs' (VA) administration of healthcare and benefits services, and programs for women veterans; to serve as an advocate for cultural transformation in recognizing the service and contributions of women veterans and women in the military; and to raise awareness of the responsibility to treat women veterans with dignity and respect. Women Veterans Program Managers are located in each VA healthcare facility to assist women veterans. Women Veterans Coordinators are located in each VA regional office.

Women Veterans Healthcare

www.womenshealth.va.gov

VA Central Western Massachusetts Healthcare System Women Veterans Program

Kim Adams RN, Manager

1(413)584-4040 x2240

The Department of Veterans Affairs' (VA) Women Health Service office provides programmatic and strategic support to implement positive changes in the provision of care for all women Veterans. At each VA Medical Center, a Women Veterans Program Manager is designated to assist women Veterans. Women Veterans who are interested in receiving care at VA should contact their nearest VA Medical Center and ask for the Women Veteran Program Manager.

Services provided for women at VA Medical Centers include: general health, primary care, birth control, eye exams, maternity care, infertility evaluation and treatment, menopause evaluation and treatment, osteoporosis screening and treatment, gynecological care, cancer screenings, mammograms, wellness and healthy living, nutrition and weight management, and the stop smoking program. Mental health services include management of depression, anxiety and stress, adjustment from deployment, and counseling and treatment for Military Sexual Trauma (MST), violence and abuse, and alcohol and drug dependence. Other supportive services include: chronic pain management, home based primary care, the homeless program, nursing home care, physical therapy, and the transitional housing and work program.

Victims of Military Sexual Trauma

See Medical and Mental Health, Section I, Military Sexual Trauma, p. 49.

Women Veterans Organizations

The following organizations are specifically for women veterans:

WAC Veterans' Association

www.armywomen.org

Those who have served honorably with the Women's Army Auxiliary Corps, The Women's Army Corps, or those who have served or are serving honorably in the United States Army, the United States Army Reserve or the Army National Guard of the United States, are eligible for membership in the Women's Army Corps Veterans' Association. The membership has grown each year, with new chapters being formed wherever possible. Where no chapter exists, eligible persons become Members-At-Large (MALs) who attend the conventions and participate in the organization's programs and in their various community programs. Each chapter carries out the program laid down by the National Organization, with

emphasis being placed on Department of Veterans Affairs (VA) Hospital volunteer work and Community Service in the local and national community.

WAVES National

www.womenofthewaves.com

WAVES is a Sea Service women's organization for women who have served or are currently serving in one of the sea services; U.S. Navy, U.S. Marine Corps, U.S. Coast Guard or Reserves. There are 78 active WAVES National Units in the nation.

Women Marines

- THE VETERANS JUSTICE PARTNERSHIP (VJP) IS A COLLABORATION OF COMMUNITY AND CRIMINAL JUSTICE PARTNERS WITH THE GOAL OF HELPING VETERANS AND SERVICE MEMBERS IN NEED.
- THE PURPOSE OF THE VJP IS TO DEVELOP SERVICE AND TREATMENT OPTIONS AND, WHERE APPROPRIATE, PROPOSE ALTERNATIVES TO INCARCERATION.
- VJP COORDINATES SERVICES AMONG TREATMENT PROVIDERS AND THE COURTS, ATTORNEYS, JAILS, PROBATION OFFICERS AND HOUSES OF CORRECTION.
